## EXTREME COOLING SYSTEM DEGREASER

Wynn's Extreme Cooling System Degreaser removes oil and sludge in the cooling system of vehicles.

### Properties

- ✓ Removes oil and sludge in the cooling system (caused by a leaking heat exchanger or cylinder head gasket).
- ✓ Degreases and cleans the entire cooling system.
- ✓ Keeps the residues in suspension whilst cleaning.
- ✓ Restores the heat transfer and the optimal operation of the controls within the cooling system.
- ✓ Excellent performance in all types of cooling liquid, including OAT coolant.
- ✓ Is completely soluble in water.
- ✓ Safe for rubber hoses, seals and all metals in the cooling system.

### Applications

- ✓ For all "water" cooled systems of petrol, diesel and LPG engines.

### Directions

- ✓ One bottle of 325ml treats cooling systems up to 7 litres.
- ✓ Add Wynn's Extreme Cooling System Degreaser directly into the radiator or via the expansion tank if part of the system circuit.
- ✓ Warm up the engine with the heater control in HOT position.
- ✓ Let the engine run at idle for 20 minutes.
- ✓ Stop the engine. Drain the system, flush with water, close the system and refill with water.
- ✓ Let the engine run at idle for 5 minutes. Heater still in HOT position.

# Product specifications

- ✓ Stop the engine. Drain the system, flush with water until clear, close the system and refill with coolant.

For engines with extremely heavy oil contamination a second treatment may be required.

For rust and scale removal, please use Wynn's Cooling System Flush.

Add Wynn's Cooling System Stop Leak as a leak preventive agent.
