STOP SMOKE

Wynn's Stop Smoke is an oil soluble supplement designed to reduce exhaust smoke due to oil burning.

Properties

- ✓ Reduces exhaust smoke due to oil burning.
- ✓ Improves the viscosity properties of the oil at high oil temperatures.
- ✓ Seals the gaps between worn engine components.
- ✓ Improves compression and engine performance.
- ✓ Reduces engine noise.
- ✓ Ensures a strong protective oil film under high temperature conditions.
- ✓ Is compatible with all mineral, synthetic, single and multigrade oils.
- ✓ Will not harm catalytic converters, turbochargers and soot filters.

Applications

- ✓ For petrol, LPG and diesel engines.
- ✓ For cars with excessive blue/grey exhaust smoke due to oil burning.
- ✓ Especially effective in older engines with worn components.
- ✓ Can also be used as preventive agent in case of heavy load and high temperature operation.

Directions

Add contents to the oil when engine is warm. To obtain a good mixture with the oil after adding it, let the engine run or drive with the car for 5 minutes.

- ✓ Use at oil change or between oil changes as needed.
- ✓ 1 metal can of 325 ml treats 3 to 6 litres of engine oil.

Packaging

PN 50865 – 12x325 ml – EN/ES/PT/TR/EL/NL/FR/DE
