SUPER CHARGE®

Oil Treatment

for Petrol or Diesel engines

Wynn's Super Charge® Oil Treatment is a product that stops excessive oil consumption.

Properties

- ✓ Maintains oil pressure at high temperatures.
- ✓ Improves compression and performance in worn engines.
- ✓ Stops excessive oil consumption and exhaust smoke due to this oil consumption.
- ✓ Quietens noisy engines.
- ✓ Reduces friction and wear.
- ✓ Prolongs engine life.
- ✓ Improves the viscosity index of lubricating oils.
- ✓ Strengthens the oil film at high temperatures and in case of heavy load.
- ✓ Ensures a solid lubricating film, also on older engines.
- ✓ Prevents metal-to-metal contact under high load.
- ✓ Protects against corrosion, oxidation, rust and wear.
- ✓ Is compatible with all mineral and synthetic, single- and multigrade oils.
- ✓ Does not harm catalytic converters and turbochargers.

Applications

- ✓ Especially effective under heavy load, high temperature operation and excessive engine noise.
- ✓ Recommended for all petrol and diesel engines of vehicles and stationary equipment with high oil consumption, low oil pressure and low compression.
- ✓ Especially effective in older engines.
- ✓ In case long-distance driving, hot summer weather, driving in the mountains, towing, stop-start town driving, full passenger loads.

Directions

- ✓ For best results, add at every oil change.
- ✓ Bring engine to operating temperature and switch off.
